

# NIH WORKSHOP ON Enrollment and Retention of Participants in NIH-funded Clinical Trials

NIH National Institutes of Health

Poster #	Submitter	Poster Title
1	Karen Overstreet Mayo Clinic Jacksonville	The Influence in Patients With Amyotrophic Lateral Sclerosis of Prior Participation in Minimal-Risk Studies on Recruitment and Retention of Subjects in Studies Involving More Than Minimal Risk
2	Amy Fansler University of Virginia	Relationship-Building Component to Maximize Recruitment and Retention: A Project Director's Perspective
3	Michael "Tac" Tacoslosky Survos	Using Survos Posse Platform to Recruit, Monitor and Incentivize Research Participants
4	Condryn Lungru National Institute of Neurological Disorders and Stroke	The Intramural Parkinson Clinic: Unique Challenges and Opportunities
5	Nellie High Banner Alzheimer's Institute	Alzheimer's Prevention Registry: A Shared Resource to the Scientific Community to Facilitate Enrollment in Studies
6	Dominic Ippolitto EMMES Corporation	Recruitment and Retention in a Long-Term Prospective Observational Investigation of Pregnant Women With Epilepsy
7	Adrienne Haggins Department of Emergency Medicine University of Michigan	Factors Influencing Participation in Neurological Emergency Treatment Trials (NETT) for Stroke
8	Amy Bartlett Ohio State University Wexner Medical Center	Recruitment Methods Employed in the NeuroNEXT SMA Biomarker Study
9	Mary Longbottom Mayo Clinic Florida	Personalized Recruitment and Retention in Large Clinical Trials: The CREST and CREST-2 Experience
10	Elizabeth Powell Massachusetts General Hospital	A Financial Assistance Program to Remove Barriers to Clinical Trial Participation: A Descriptive Study
11	Sonika Bhatnagar University of Pittsburgh School of Medicine	Development and Impact of an Intervention to Boost Recruitment in a Multi-Center Pediatric Randomized Clinical Trial
12	Amy Leader Department of Medical Oncology Thomas Jefferson University	Shared Decision Making for Participation in a Breast Cancer Clinical Trial
13	Linda Parecco National Cancer Institute	AccrualNet™: Innovative Online Collaboration to Improve Clinical Trials Accrual Practice
14	Christine Lee Carter Society for Women's Health Research	Successful Strategies for Engaging Women and Minorities in Clinical Trials
15	Gaurav Sharma EMMES Corporation	Tracking and Monitoring Trial Progress in NIDA-CTN Studies
16	David Blomquist Parkinson's Disease Foundation	Parkinson's Advocates in Research: Engaging People With Parkinson's in Clinical Study Education and Recruitment
17	Emily Thom Biostatistics Center George Washington University	Retention of Participants and Their Children in a Multi-Center Randomized Trial of Thyroxine Therapy for Subclinical Hypothyroidism and Hypothyroxinemia in Pregnancy
18	Mark Stein Institute of Translational Health Sciences University of Washington	Evaluating Research START (Study and Trial Accelerator for Research Teams)
19	Barbara Tilley University of Texas Health Science Center Houston School of Public Health	Recruiting Sites to Participate in a Randomized Minority Recruitment Intervention (RECRUIT)
20	Larry Icard Temple University	Retention of South African Adolescents in a 54-Month Longitudinal HIV Risk-Reduction Study
21	Dana Dornsife Lazarex Cancer Foundation	A Program to Remove Barriers to FDA Clinical Trials: Providing Equity Access and Increasing Enrollment, Retention and Minority Participation
22	Paula Palmer Claremont Graduate University	Enrollment and Retention Strategies for Young Adult Pacific Islanders in a Smoking Cessation Trial
